Director's Message

At AJNIFM, we take immense pride in our ability to nurture finance professionals who are equipped to excel across the evolving landscape of finance. This placement season of MBA (Finance) 2024-26, stands as a defining milestone in the institute's history, reflecting the strength of our academic rigor, industry integration, and the calibre of our students.

Despite the challenges posed by global economic uncertainties, our students have successfully secured meaningful opportunities with leading organizations across the financial spectrum. The trust shown by our recruiters in our cohort speaks volumes about the credibility that AJNIFM's specialized finance curriculum has earned.

The institute's unique pedagogy, rooted in a deep understanding of finance, has helped shape professionals who are well equipped to meet the demands of the modern financial landscape.

This achievement would not have been possible without the dedicated efforts of our Faculty Incharge, Placements and Internships, whose vision and hands-on guidance laid the foundation for this process, and our Placement officer, whose tireless coordination and commitment ensured its success. I also extend my heartfelt gratitude to our recruiters and alumni network for their support in this landmark endeavour.

This successful placement season is the beginning of what we hope will be a long and distinguished legacy for AJNIFM's MBA (Finance) programme.

Shri Praveen Kumar,
Director, AJNIFM

Faculty Incharge (Internships & Placements)'s Message

It gives me great satisfaction to present this placement report for the MBA (Finance) batch of 2024-26, marking a strong placement season.

Our students received offers across a wide spectrum of domains, with Advisory & Consulting emerging as the leading area of recruiter interest, followed by significant opportunities in Mutual Funds, Wealth Management, and Compliance. Students also secured roles in Commodities and within the International Financial Services Centre (IFSC), reflecting growing recruiter confidence in niche and specialized financial functions. Beyond these core areas, offers extended into emerging and diverse domains such as Fintech, Banking Services, Risk Management, and Learning & Development – underscoring the versatility of our students and the breadth of roles they are equipped to take on across the financial industry.

This encouraging spread of offers across ten distinct functional areas is a testament to the rigor of our curriculum and the industry-readiness of our students, who have demonstrated strong analytical thinking, domain expertise, and professional maturity throughout the recruitment process.

None of this would have been possible without the untiring efforts of our Placement Officer and Student Placement Committee, whose diligence, coordination, and commitment carried this process through to a successful outcome. I am equally grateful to our recruiters for their engagement and trust in this cohort.

I congratulate MBA (Finance) 2024-26 batch on their placements and look forward to building on this strong foundation as we prepare every future cohort to meet the evolving demands of the finance profession.

Dr Jaya Bhalla,
Faculty In-charge (Internships & Placements),
MBA (Finance) Programme

Domains Overview

Advisory & Consulting

Advisory & Consulting emerged as the largest recruiting domain this season, accounting for 39.5% of total offers. Participants got selected in Acuity Analytics, Ameriprise Financial, Gallagher & Mohan (G&M), IntraEdge, MCQube, Motilal Oswal, and Resurgent India.

Roles offered spanned Analyst, Associate, Assistant Manager, and Relationship Manager profiles, with placements across Delhi-NCR, Gurugram, Mumbai, Noida, and Pune, reflecting strong demand for financial analysis and advisory talent from AJNIFM's rigorous quantitative training.

Wealth Management, Mutual Funds & Banking Services

Wealth Management comprised 7.0% of offers, with HighLife Finserv and iAngels hiring for Relationship Manager and Product Manager roles in Delhi and Gurugram.

The Mutual Funds domain contributed 20.9% of offers, driven entirely by a large cohort hired by SBI Mutual Fund as Relationship Managers/Assistant Managers at a CTC of ₹8.9 LPA. Placements spanned Delhi, Gorakhpur, Gurugram, and Lucknow, underscoring the domain's pan-India reach.

Commodities, Fintech & Risk Management

Commodities accounted for 9.3% of offers, with recruiters including MCX-CCL, Mfolks, and Novaex hiring for Analyst, Assistant Manager, and Management Trainee roles across Bangalore, Delhi, and Mumbai. Participant also got selected in Quadmet India pvt. Ltd. and Super Trading for Hedging Analyst and Trader positions respectively.

Compliance & IFSC

Compliance accounted for 4.7% of offers, with NSE Limited recruiting Management Trainees for Listing Approval roles in Mumbai. IFSC roles made up 9.3% of offers, with IndiaINX recruiting a cohort of students as Senior Executives at Gift City, Gujarat reflecting AJNIFM's growing footprint in India's emerging international financial services hub.
